Consistent Honor Student (2015-2019)
Dean's Lister (2022-2023)
Vice President - UC CCSCares

About me

I am Ronel B. Pantonial, a 22-year-old IT student at the University of Cebu – Main Campus with a passion for web development, database management, and IoT. An active scholar since grade 2, I've honed leadership and teamwork skills through community involvement and church activities. Driven and resilient, I seek opportunities to apply my technical knowledge and grow professionally in the IT field.

Experience

Housekeeping   April 15, 2019 – June 09, 2019

Gaisano Main/Gaisano Bros. Merchandise Inc.

In the summer of 2019, I worked as a Housekeeping Staff at Gaisano Main in Cebu City, my first official job. This summer role helped me earn money and develop skills in responsibility, time management, and hard work in a retail environment.

Projects

Capstone Project: BinBetter   July 2024- December 2024

System Analyst/Database Manager

Served as the Database Manager for this capstone project, which started in July 2024 and was successfully defended on November 2024. The platform promotes efficient waste management, incentivizes recycling, and connects communities through a rewards system.

SysArch ProjectSit-In Monitoring Sytem Jan 2024- May 2024

System Developer

Developed as a project for System Architecture last semester, this system tracks and manages sit-in requests for laboratory usage, ensuring real-time monitoring and efficient management of laboratory access.
